

CSR POSITION STATEMENTS

COMMUNITY AFFAIRS STATEMENT

We are proud to have raised £1,000,000 for Leukemia Research Fund, our corporate charity partner from 2003 to 2007. Dairy Crest employees amassed this unprecedented amount through personal endeavor and individual commitment. Our charity partner for 2007 is Make-A-Wish Foundation ® UK.

Make-A-Wish Foundation® UK grants wishes to children and young people fighting life-threatening illnesses. Since being established in the UK in 1986, Make-A-Wish has granted over 4,200 wishes. The average cost of each wish is £3,000 so they need as much help as possible to raise the necessary funds. At a most desperate and tragic time in the life of a child suffering a terminal illness, Make-A-Wish steps in and provides positive and uplifting relief and we look forward to emulating our success with LRF for this noble and deserving enterprise.

Dairy Crest also operates a lottery through its staff charity society, The Dairy Crest Charity Fund. This is a society lottery which is operated under license from Elmbridge Local Authority and is open to all Dairy Crest employees. Funds from the lottery are donated monthly to the company's charities. Dairy Crest is a member of the Lotteries Council.
